Electrolyte

Electrolyte Grade Sulfuric Acid Specifications and Prices

In 1954 Scholle Chemical invented Bag-in-Box packaging and Scholle's Bag-in-Box QUAL brand **electrolyte grade sulfuric acid** became the leading brand of electrolyte grade of sulfuric acid in the US. Keeping with our tradition & commitment of innovation, we have developed this web page to allow you to purchase **QUAL brand electrolyte acid** directly from Battery Sales. The acid we sell is the same high quality **electrolyte** we use everyday. It is now available for pickup or shipment from our North Miami warehouse in 1.5 Gallon Acid Packs or 5 Gallon Acid Packs.

Electrolyte is hazardous and can not be shipped with UPS, FED EX, or DHL. For shipping information, please visit our [Central Transport information page](#). We hope you are able to take advantage of our convenient web purchasing option. Upon ordering your **electrolyte**, we will e-mail a grand total with the cost of shipping and/or delivery charge for the Miami, FL area.

Please choose from the items below:

Model	Application	Description	Lbs	Price
MISEZ5GAL	Battery Acid	5 Gallon Pack - 1.265 Specific Gravity Electrolyte Grade Sulfuric Acid	40	\$15.00
